INTRODUCTORY COMMENTS

10 In response to the Office action of February 21, 2006, applicant has filed this supplemental response to correct the transmittal form and fee transmittal form filed in the original response filed 3/13/2006. The attached transmittal form and fee transmittal form indicate the included terminal disclaimer in compliance with 37 CFR 1.321(c) to overcome the provisional rejection based on a nonstatutory double patenting ground. Additionally, the proper fee has been submitted with this supplemental response. The pending claims are reflected in the listing of claims which begins on page 2 of this paper; and remarks begin on page 9 of this paper. The pending claims and remarks section are the same as the original response filed 3/13/2006.
